6 Finest, Hardy PHLOX for Only 1.98

No. B3209X
POSTPAID

We grow many varieties of Phlox here at Field's but we chose these six as being among the very best of all the varieties. Phlox are hardy, they are beautifully colored and they grow in almost any kind of soil. All they ask

is reasonable care and sunshine. Fall is probably the best time to plant them. Order the above individually, by the numbers given, at 45c each, 3 for 1.15, postpaid. Or (No. B3209X) 1 each of all 6 for only 1.98, postpaid.

5 Henry Field GREEN THUMB HOUSE PLANTS for only \$2.69

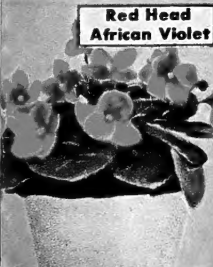

FREE GIFT

1 Baby Tears Vine.
A small trailing vine of bright green, tiny leaves that overflow in a thick cascade.

No. 2N552X—With the dark days of winter coming on, we thought you would like some bright, cheerful house plants at a reasonable price. If you wish, you can put them outdoors next summer (even the African Violet if you have the right, shady spot), then bring them in again in the fall. The catalog value of these 5 plants is \$3.46 but we are offering the whole group, plus a Baby Tears Vine, for only \$2.69.

Henry Field's HYBRID ELM

Grows 8 to 14 Feet per Year

If you are looking for a good, hardy tree to give you shade in a hurry, Henry Field's Hybrid Elm is your answer. It is a cross of American Elm and Chinese Elm, but with leaves larger than either, and dark green. It is hard-wooded and long-lived, with smooth bark of medium gray color. The limbs grow open and well spaced, allowing enough light to filter through for good lawn growth, yet dense enough for cool shade. It thrives in extremes of heat and cold, in soils wet and dry, and (very important) we have never known of one to be attacked by Dutch Elm disease.

Please see page 22 for necessary planting directions.

A4234—4 to 6 ft. size, 2.69 each; 6 to 8 ft., 3.19; 8 to 10 ft., 3.59. All are too large to mail, so are sent express not prepaid.

9 Two-Year-Old TRANSPLANT RASPBERRY Plants

3 CUMBERLAND, the most popular black raspberry. for Only

3 INDIAN SUMMER, in our opinion the best red. Bears big crop in summer and again in fall.

3 SODUS, a purple with probably the finest flavor, of all raspberries.

More and more home gardeners are learning the wisdom of setting out the larger, 2-year transplant berry plants. They cost a little more at first, but the chance of loss is less and the plants come along faster, bear in quantity first year after planting. Actually cost less in the long run.

DARWIN TULIPS

MOST POPULAR OF ALL TULIPS

Darwins have long been the most popular of all tulips, probably because of their bright, cheerful colors and because their stems are just about the right length for all purposes (about 2 feet in a normal season). The Darwins are illustrated and priced below.

All Tulip Prices are Postpaid.

We have tried to choose for you the 12 very best of all the Darwin varieties. Not the most expensive, but the best. All these bulbs are 11 to 12 centimeter size, and all of them are imported from Holland.

Grenadier

B6074—Holds its beautiful color well. 6 for 79c; 12 for 1.34; 25 for 2.45; 100 for 7.98.

Queen of the North

B6112—Our illustration is misleading because this really is the largest of the Darwins. 6 for 75c; 12 for 1.19; 25 for 2.30; 100 for 7.69.

Campfire

B6058—An improved Bartigon. 6 for 69c; 12 for 1.14; 25 for 2.15; 100 for 7.49.

Henry Field's Famous RAINBOW COLLECTION of DARWIN TULIPS

18 ASSORTED BULBS FOR ONLY 1.00 POSTPAID
No. B6117
Large Bulbs—Lots of Them—All Named Varieties

We always figured it takes plenty of tulips to make a good show so we try to have a real reasonable offer, particularly for the folks who need it—all the rest of you are welcome too.

For many years Henry Field's "Rainbow Tulip Collection" has been famous. It's a lot of bulbs, good bulbs and good varieties, for only 1.00 postpaid.

Now these aren't little bulbs, but big ones—10 to 11 centimeter size. In plain English, that's about 4" around. And they aren't just any old

mixed bulbs swept up off the floor or out of the corners, or left overs. We buy 20 named varieties of the finest Tulips and mix them right here in the seed house. Drop in at bulb time and we'll show you.

If you want these bulbs, better order early because we usually sell out quick on this collection.

1 collection (18 bulbs) for 1.00, postpaid. 2 collections (36 bulbs) for 1.95, postpaid. 100 bulbs for 5.29, postpaid.

"GIANT" RAINBOW COLLECTION

B7065X—Here is a special bargain in the GIANT sized bulbs. It is made up of good named varieties that you will be proud to have growing in your yard. Your neighbors will admire them and if they know anything about tulips, they will recognize their quality. These bulbs will produce amazingly large flowers next spring. All colors. We mix this ourselves. 12 for 98c; 25 for 1.79; 100 for 6.89, postpaid.

BARGAIN NAMED VARIETY COLLECTION

B7061X—2 each of the 12 Darwin Tulips shown above—a total of 24 named varieties of the best Darwin Tulips for only 2.19, postpaid. That's a bargain. 2 collections (48 bulbs) for only 4.00!

BUNCH FLOWERED TULIP

Produces

2 to 5 Blossoms from Every Stem

There is a scarlet bouquet in every bulb because each bulb throws from two to five gleaming blossoms from one stem. This is one that probably neither you nor your neighbors have grown before. You'll like it.

B6030—FUSILIER. A brilliant orange red. A border or bed of them is strikingly beautiful. We carried the light pink variety before the war but this red one is far more beautiful and showy. 3 for 60c; 6 for 98c; 12 for 1.49, postpaid.

Every stem of Bunch Flowered Tulip is a bouquet.

RED EMPEROR

The most Brilliant Tulip in the World—and the Largest

B6116—This tulip has everything. It is the earliest to bloom, has the most brilliant color, and is the largest in size of all the tulips.

If we could grow just one tulip, this would be it. If you have grown them, you know. Plant them on each side of the front steps, or a whole bed of them. You'll want them where everyone can see them. And they certainly will see them—from a block away. 3 for 49c; 6 for 89c; 12 for 1.59; 25 for 2.89, postpaid.

REMBRANDT TULIPS

Colorful and Different

B6375—Our catalog is one of the very few in which you will find these "painted tulips." We always have been strong for them because we know most people like plenty of color, and the Rembrandts certainly have it. They grow like Darwins, are about the same size and shape, but the flowers are striped and flamed, or flaked, with vivid colors. Assorted colors. 6 for 89c; 12 for 1.59; 25 for 2.79; 100 for 9.98, postpaid.

BREEDER TULIPS

Longer Stems—Darker Colors

The Breeder Tulips are different in two ways:

1. They have longer stems, up to 3 feet in height.
2. Their colors are darker.

This makes them particularly suitable for the back of the row, or in the center of the bed. Their colors are deep, rich and bold. They accent the beauty of the lighter, brighter colored tulips. Fine also planted alone.

Named Varieties

B7000X—2 each of 6 of the leading named varieties. 12 bulbs in all for only 1.10, postpaid.

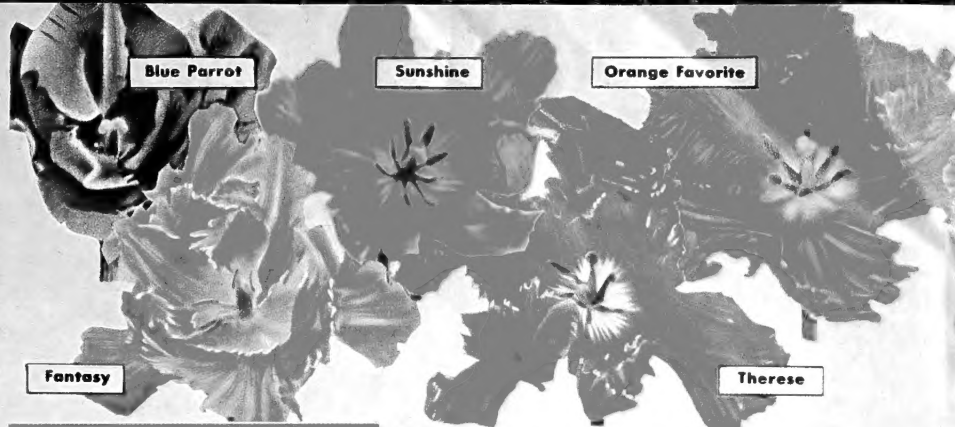

Mixed Varieties

B6010—Mixed colors but all dark and long-stemmed. 6 for 69c; 12 for 1.14; 25 for 2.15; 100 for 7.49, postpaid.

EARLY FLOWERING TULIPS

These are improved varieties with a great variety of clear, bright colors that you will be so happy to see early in the spring. Also, they have a different shape. The petals are more pointed, blossoms more open, so they look very much like the pretty pointed caps the Dutch girls wear. The stems are of medium height. **B6272**—Special Mixture. A mixture of named varieties at a

special price. 6 for 59c; 12 for 98c; 25 for 1.79; 100 for 6.89, postpaid.

PARROT TULIPS

These lovely, rare and fringed giants are direct from Holland. Their colors are brilliant and their size immense, often up to 7 and 8 inches across.

B6303—BLUE PARROT. Has long stems. 3 for 42c; 6 for 78c; 12 for 1.44, postpaid.

B6336—SUNSHINE. Rarest and most beautiful of the Parrot Tulips. 3 for 60c; 6 for 1.10; 12 for 1.98, postpaid.

B6328—ORANGE FAVORITE. A fine new one. 3 for 42c; 6 for 78c; 12 for 1.44, postpaid.

B6310—FANTASY. Very fringed and large. 6 for 69c; 12 for 1.15; 25 for 2.15; 100 for 7.49, postpaid.

B6338—THERESE. Very scarce. 3 for 60c; 6 for 1.10; 12 for 1.98, postpaid.

B6337—SUNDEW (not illustrated). A bright cardinal red with crystal on the fringed and ruffled edges. 6 for 75c; 12 for 1.19; 25 for 2.30; 100 for 7.69, postpaid.

Make the Most Gorgeous Showing of all Tulips

PARROT MIXTURE

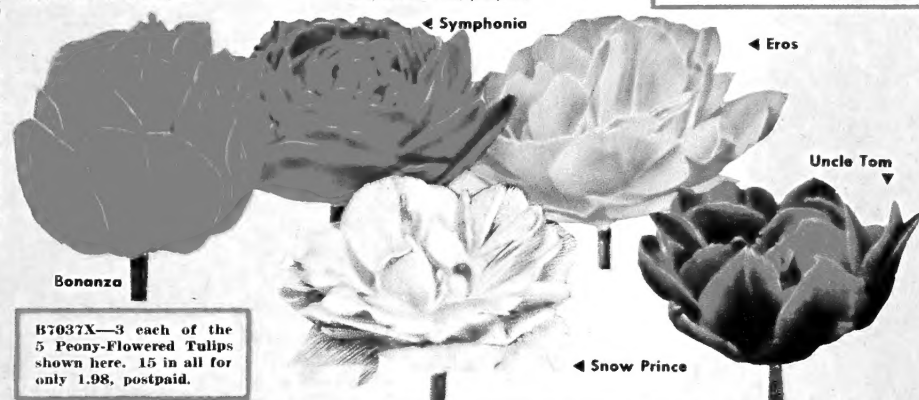

B6324—Assortment of beautiful colors. 6 for 75c; 12 for 1.19; 25 for 2.30; 100 for 7.69, postpaid.

Named Varieties Bargain

B7200X—2 each of the 6 Parrots, including Sundew, 12 bulbs in all for only 1.50, postpaid.

AMERICAN FLAG

B6350—The one illustrated immediately above. One of the newest and most showy of the Rembrandts. People who visit our show grounds always are attracted by this tulip of bright red striped and flaked with white. We have lots of these so can price them to you low. 6 for 79c; 12 for 1.34; 25 for 2.45; 100 for 7.98.

DOUBLE PEONY FLOWERED TULIPS

These are entirely different from, and far superior to, the old, squatty, short-stemmed, double early tulips. No comparison. These have stems 2 feet long with blooms as big as peonies, and very fragrant. You'll love their lush, rich beauty.

B6031—BONANZA. 3 for 50c; 6 for 89c; 12 for 1.49, postpaid.

B6043—SYMPHONIA. 3 for 60c; 6 for 98c; 12 for 1.75, postpaid.

B6034—EROS. 3 for 50c; 6 for 89c; 12 for 1.49, postpaid.

B6042—SNOW PRINCE. 3 for 50c; 6 for 89c; 12 for 1.49, postpaid.

B6045—UNCLE TOM. This beauty was off the market two years ago, very scarce last year, and just about off the market this year. 3 for 70c; 6 for 1.15; 12 for 1.98, postpaid.

Not Peonies. Not Double Tulips. But Double Peony Flowered Tulips.

4 BRAND NEW ONES

Scarlet Sensation

B6119—This one is a glowing carmine-scarlet with a dark center. 3 for 60c; 6 for 98c; 12 for 1.75, postpaid.

Mystery

B6099—The blackest tulip ever known and a very large one too. It is a glittering black that will stand out strikingly among the brighter colors. 3 for 70c; 6 for 1.15; 12 for 1.98, postpaid.

Collection of the 4 Brand New Ones

B7067X—3 each of the 4 brand new ones shown here. With these you really will have some glorious tulips and some varieties not everyone has. All 12 for only 1.89, postpaid.

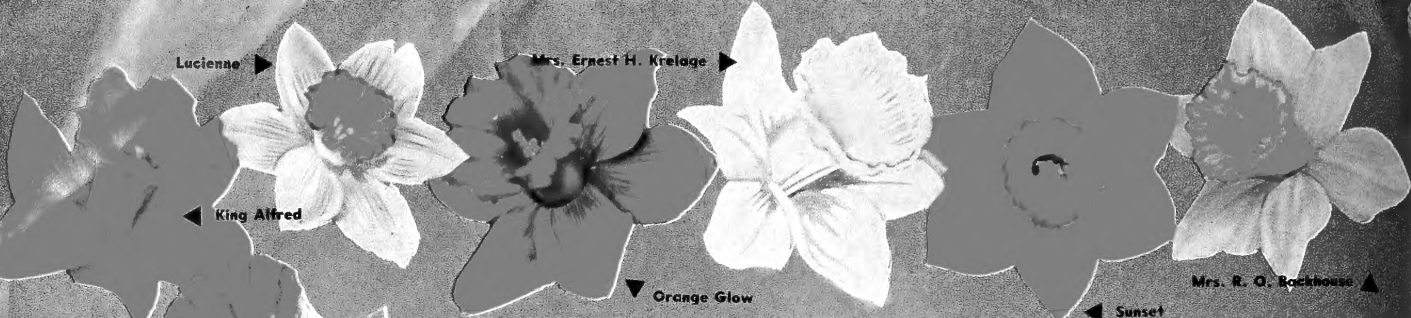

We thought you would like some varieties that are ahead of the run of ordinary garden tulips. After considerable searching among the Dutch growers, we chose these exceptionally fine ones.

Wildfire

B6139—A wildly brilliant tulip of bright canary yellow shot with red flames. A beauty. 3 for 60c; 6 for 98c; 12 for 1.75, postpaid.

Blushing Bride

B6054—Opens a beautiful creamy white and then a delicate rose blush gradually appears. Opens earlier than most of the Darwins but outlasts many of them. 3 for 60c; 6 for 98c; 12 for 1.75, postpaid.

DAFFODILS

B6627—The famous Pink Daffodil. Mrs. R. O. Backhouse. Petals ivory white with long, slim trumpet of apricot-pink changing to shell pink at the deeply fringed edge. Unusual and beautiful. 59c each; 3 for 1.49, ppd.

B6632—Sunset. New introduction from our Holland growers. Long stems; excellent keepers. 3 for 49c; 6 for 85c; 12 for 1.49, ppd.

B6621—Mrs. Ernest H. Krelage. The all white King Alfred with the long trumpet. 3 for 49c; 6 for 85c; 12 for 1.49, ppd.

B6625—Orange Glow. Forces well. 3 for 39c; 6 for 64c; 12 for 1.19, ppd.

Daffodil Bargain

B7600X—3 King Alfred, 3 Cheerfulness, 3 Red Cross and 3 Mrs. Krelage—12 for only 1.49, ppd.

B6614—Lucienne. Extremely large, short cup variety. 3 for 49c; 6 for 85c; 12 for 1.49, ppd.

B6617—King Alfred. Largest of all. 3 for 39c; 6 for 64c; 12 for 1.19, ppd.

B6623—Music Hall. Very large and beautiful. 3 for 49c; 6 for 85c; 12 for 1.49, ppd.

B6628—Red Cross. New short trumpet variety. 3 for 49c; 6 for 85c; 12 for 1.49, ppd.

B6604—Double Flowered Narcissus Cheerfulness. Several double blooms on each stem. Sweet scented; forces well. 3 for 39c; 6 for 64c; 12 for 1.19, postpaid.

Named Variety Collection

B7601X—2 each of above varieties excepting the Pink Daffodil, 8 varieties—16 bulbs, for only 1.89, postpaid.

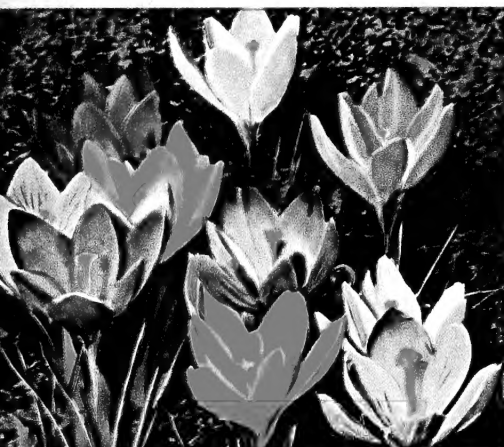

Collection of Our Newest and Best Daffodils

B7603X—2 each of the Pink Daffodil, Sunset, Music Hall, and Lucienne—8 bulbs of beautiful, new varieties for only 1.79, postpaid.

12 MIXED DAFFODILS FOR ONLY \$1.00

B6637—This mixture includes them all—early, late, big, little, long trumpets and short. A real bargain. 12 for 1.00; 25 for 1.89; 50 for 3.29, ppd.

Early GIANT CROCUS

MIXED CROCUS

B6427—All the colors of the rainbow. 10 for 55c; 25 for 1.19; 50 for 2.19; 100 for 3.89, postpaid.

Early Giant Bargain

B7400X—5 each of Purple, Blue, Yellow, Striped and White, 25 bulbs in all for only 1.25, postpaid.

Try Them in Rock Garden, or Under Tall Shrubs. Also Indoors.

Crocus are always a delight because they come up with the melting snow drifts and are so welcome after the long winter months. Grow them among the shrubbery, or right out in the open on the lawn. Try placing some in a corner, too. Very easy to grow. And all of these are the GIANT-flowered kind:

B6415—Purple
B6426—Yellow

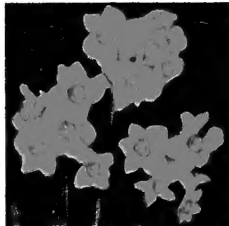

B6401—Blue
B6418—Striped

B6425—White
10 for 65c; 25 for 1.29; 50 for 2.25; 100 for 3.98, postpaid.

GLORY OF SNOW

B6806 (Chionodoxa). Extremely hardy, beautiful, very early spring bulbs. Increase rapidly. Ideal for scattering on the lawn. They bloom year after year. 6 for 35c; 12 for 59c; 25 for 1.10; 100 for 3.98, postpaid.

CHINESE SACRED LILY

the Yellow "Paper White"
Looks like a Golden Narcissus. Much surer to bloom than the old Narcissus Soleil D'Or so often offered. Clusters of flowers on tall stems like paper whites. **B6703—3 for 45c; 6 for 79c; 12 for 1.39, postpaid.**

GRAPE HYACINTHS (Muscari)

B6807—Make a beautiful border for the tulip bed or walk and also are fine planted in solid masses. Heavenly blue spikes with grape-like blooms in deep, rich blue. Live for many, many years and increase in bloom every year. So hardy nothing seems to stop them. 12 for 39c; 25 for 59c; 100 for 1.45, postpaid.

SCILLA (Campanulata)

Ideal for wild garden borders and rock gardens. Sow themselves freely.

B6802—Blue. B6803—Pink. B6804—White. B6805—Mixed. 10 for 60c; 25 for 1.25; 100 for 4.25, postpaid.

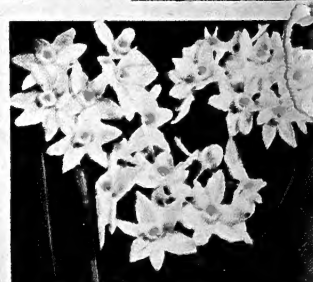

Paper White Narcissus Grow It in the House

The old favorite we all know. Plant them at intervals of two weeks and have flowers in the house all spring. **B6720—3 for 39c; 6 for 69c; 12 for 1.29, ppd.**

NARCISSUS COLLECTIONS

B7700X—4 Sacred Lily of China and 4 Paper White Narcissus for 89c, ppd. B7701X—10 Sacred Lily of China and 10 Paper White Narcissus for 1.98, postpaid.

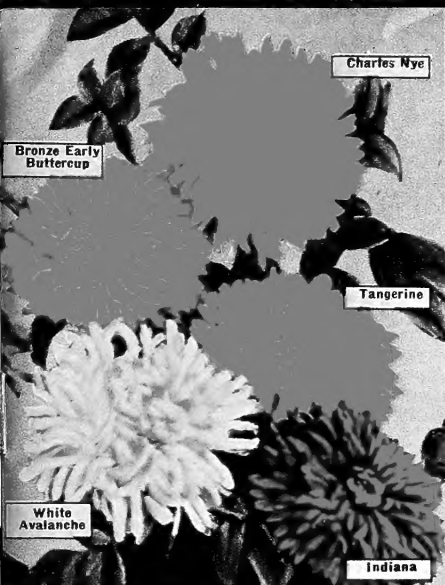

HOW TO PLANT PAPER WHITES AND CHINESE SACRED LILY

Force indoors in bowls of water, using pebbles or colored marble to keep bulbs down, or in dirt. Let roots form growing out of light. Then bring into light for blooming. Use 3 bulbs to a pot. They make ideal Christmas decorations and gifts.

GIANT MUMS

These 5 are the choice of the very large flowered varieties. The blooms on some of these plants will measure 4 to 5 inches across.

B1409—CHARLES NYE. Fully double blooms 3" across. The finest of all yellows. Long stems for cutting.

B1405—BRONZE EARLY BUTTERCUP. One of the new English mums. Incurved flowers 4" or better across.

B1460—TANGERINE. 4 to 5" double flowers. Long stemmed.

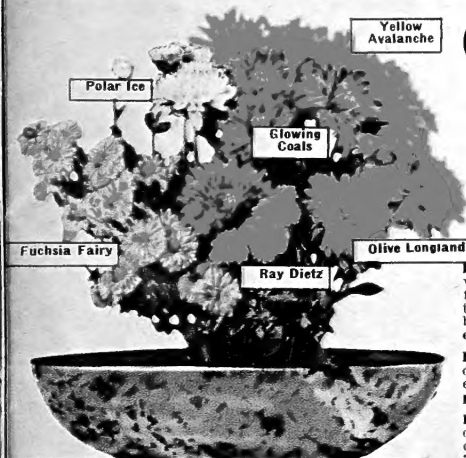

B1469—WHITE AVALANCHE. 4" flowers, fully double, pure white with pale lemon center. Long stemmed.

B1418—INDIANA. One of the best. Deep crimson blooms are clear yellow on reverse side. Plants stocky and strong growing covered with 4" to 5" blooms.

PRICES on above 5: 49c each; 3 for 1.29, postpaid.

Henry Field's Collection of Giant Flowering Mums

B3121X—These 5 plants will give you hundreds of huge, beautiful flowers—1 each of Charles Nye, Bronze Early Buttercup, White Avalanche, Tangerine, and Indiana for 1.98, postpaid.

"Most Popular" Collection

B3117X—1 each of the 6 Chrysanthemums pictured above. These are the most popular varieties. All 6 for only 2.89, postpaid.

CHRYSANTHEMUMS

Each year we grow 100 or more varieties of Mums out in back of the Seedhouse for testing. From them, with the help of our many visitors, we chose the varieties listed on this page as being the best of them all.

B1474—Yellow Avalanche. One of the finest yellows. Big bushy plants produce hundreds of long-stemmed, 2 1/2" to 3" flowers. 49c each; 3 for 1.29, ppd.

B1446—Polar Ice. Snow white mounds of gold-centered flowers. A comparatively low grower. Early bloomer; extra hardy. 45c each; 3 for 1.19, ppd.

B1419—Fuchsia Fairy. Mass of 1" flat, fully double flowers. 59c each; 3 for 1.59, ppd.

B1422—Glowing Coals. One of best reds. 2 1/2" flowers on long stems. 45c each; 3 for 1.19, ppd.

B1450—Ray Dietz. Little, bright, golden pompons; solid double. 59c each; 3 for 1.59, ppd.

B1442—Olive Longland. By Dr. Krause of USDA; probably his best. Huge blooms 5" across. 49c each; 3 for 1.29, ppd.

B1445—Pohatcong. Bright, double pink, 2" flowers. 2 to 3 ft. high. 45c each; 3 for 1.19, ppd.

B1437—Orange Cluster. Clusters of brilliant orange-yellow flowers on 3-ft. stems. 59c each; 3 for 1.59, ppd.

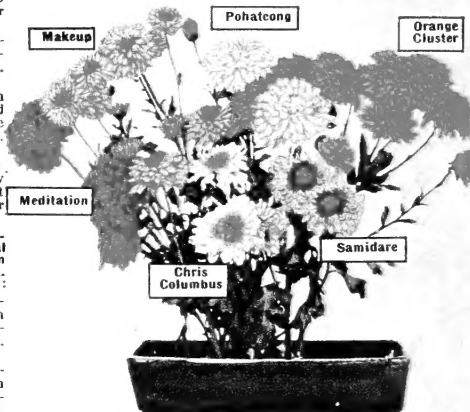

B1433—Meditation. From Minn. 3" flowers of red and yellow with orange reverse maturing to reddish peach. 49c each; 3 for 1.29, ppd.

B1410—Chris Columbus. White with pale lemon-yellow center. Double. One of best for cutting. 59c each; 3 for 1.59, ppd.

The next two are imported Japanese Mums. Due to governmental red tape we couldn't pay them in dollars so traded nursery stock. These are unusual, showy, pretty:

B1431—Makeup. Very double, clear shell-pink with darker pink center. Beautiful cut flowers 1 1/2" across. 59c each; 3 for 1.59, ppd.

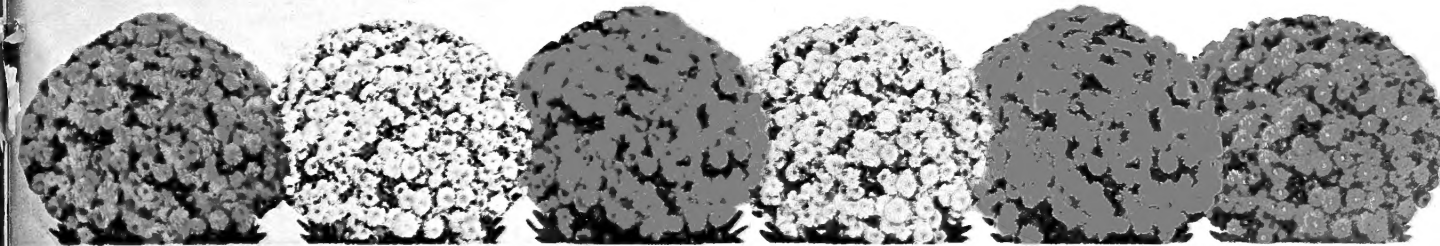

B1455—Samidare. 1 1/2" double flowers of rose pink with red centers. Blooms profusely. 59c each; 3 for 1.59, ppd.

Leading Varieties Collection

B3122X—1 each of the 6 Chrysanthemums pictured immediately below—all 6 for only 2.98, postpaid.

FREE GIFT: 1 Olive Longland. We think this is the finest mum produced by Dr. Krause of the U.S.D.A.

CUSHION MUMS

Bloom the first year and grow to a size 3 feet across and 2 feet high, with flowers so solid and thick no foliage shows. Often a thousand blooms to one plant.

B1412—Pink Cushion. The pale pink that blooms early in the fall. 39c each; 2 for 65c; 3 for 89c, postpaid.

B1411—Bronze Cushion. The best double bronze. Early. 39c each; 2 for 65c; 3 for 89c, postpaid.

B1414—Red Cushion. Bright red pompon. First red to bloom. 39c each; 2 for 65c; 3 for 89c, postpaid.

B1415—White Cushion. Pure white. 39c each; 2 for 65c; 3 for 89c, postpaid.

PANSY PLANTS

at 75c a Dozen

We grow hundreds of thousands of pansies every year so we are able to give you these low prices. Giant Ruffled strains. Great big ruffled flowers on long stems. Every color imaginable.

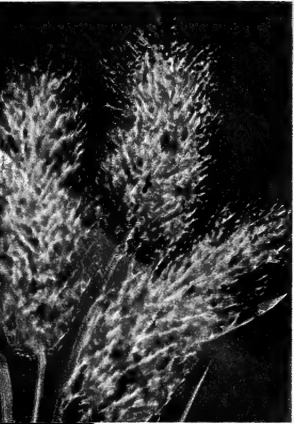

Pansies do better and bloom better when fall planted, and if possible in ground enriched with old manure.

Mulch with 2" coarse straw or litter after ground freezes. Next spring you will have a big family of colorful, friendly, pansy faces. **B2299—12** plants for 75c; 36 for 1.98; 100 for 4.79, postpaid.

PLUME HYACINTH

Miniature Tree Hyacinth

This is a rather scarce perennial of unusual beauty. Unfortunately, no photograph ever does justice to it; its gossamer beauty must be seen to be appreciated. The flowers are borne in light purple plumes 18" long. Likes it warm and dry. **B6533—15c** each; 3 for 40c; 6 for 75c; 12 for 1.29, postpaid.

AFRICAN VIOLETS

African Violets are the perfect house plant and really are very easy to care for. We send directions with each plant.

2N201—Blue Boy. Most popular of all violets.

2N203—White Queen.

2N202—Pink Beauty.

2N204—Redhead. Not true red, but the reddest of all African Violets.

Prices on above four: 98c each; 3 for 2.79, postpaid.

2N510X—AFRICAN VIOLET COLLECTION. 1 each of Blue Boy, White Queen, Pink Beauty and Redhead—all 4 for only 3.69 postpaid.

Lady Geneva

This photo, taken right here at the seedhouse, shows DuPont on the right, an ordinary African Violet blossom on the left. DuPont averages well over twice as large.

2N205—Lady Geneva. (Illustrated). Blossoms of deepest blue edged with frosty white. White edging not pronounced at first, but becomes very white as plant grows older. Good grower. Patented, so can not be grown and sold except under license. 1.50 each; 3 for 4.19, postpaid.

2N381—Double Russian. We like this better than any double we have seen. Flowers large, fully double and a deep rich purple. 1.25 each; 3 for 3.49, postpaid.

2N379—DuPont Hybrid No. 1. Has immense lavender-colored flowers (see photo at left). The leaves also are larger in proportion. Really beautiful. 1.25 each; 3 for 3.49, postpaid.

2N553X—COLLECTION OF OUR BEST AFRICAN VIOLETS. 1 each of Lady Geneva, DuPont No. 1 and Double Russian—all 3 for 3.79 postpaid.

Oriental POPPIES

This is the third straight year that Oriental Poppies have been scarce and high priced—except at Henry Field's. Check any other catalog yourself and you'll see that this is so.

We didn't have room to picture the following, but they are just as good as those pictured at the left:

B1710—CAVALIER. Large, deep clear scarlet. Very fine new variety. 59c each; 3 for 1.49, ppd.

B1706—GLORY GLOW. The earliest of all. Medium sized double orange blooms borne in profusion. 49c each; 3 for 1.19, ppd.

B1701—BETTY ANN. A clear, soft pink. 59c each; 3 for 1.49 ppd.

B1711—AUSTRALIA. Very large, deep blood-red. In our opinion, this is one of the finest of the poppies. 79c each; 3 for 1.98, ppd.

B1717—LITTLE SHRIMP. Neat, little miniature oriental poppy with dainty blooms about 2 inches across. Flowers are a bright shrimp-pink. Grow's about 12" high. You'll find lots of uses for this little gem. 59c each; 3 for 1.49, ppd.

B1724—RED FLARE. Brilliant scarlet. 59c each; 3 for 1.49, ppd.

B1725—ROYAL SCARLET. Really royal scarlet. Best of all scarlets. 69c each; 3 for 1.79, ppd.

Nursery Stock for SOUTHERN FALL PLANTING

We picked out these items especially for our customers living south of the Iowa-Missouri line. They can plant all these things in the fall. If you live north of that line, don't plant any of these items this fall, excepting as recommended.

Now, if you people living north of Missouri insist on ordering stock not recommended for you, we can't help it. But remember, we told you so.

—Henry Field's

GRAPE MYRTLE

One of the most beautiful and striking of all shrubs. Grows tall and covered with giant clusters of bloom all summer. Perfectly hardy to central Missouri. Every one south of there should plant this. Farther north tops die down, but if well protected will live over and bloom on new wood.

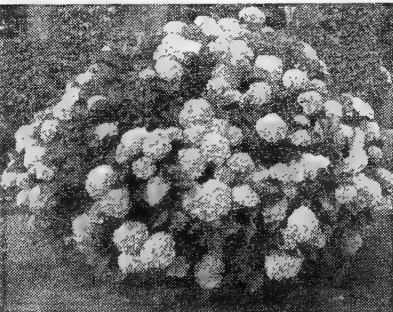

A1417—Red; A1415—Pink; A1416—Purple; Extra select plants: 59c each; 3 for 1.59, postpaid.

A2354X—Crape Myrtle Collection—1 each Red, Pink and Purple, 1.39, postpaid.

GARDENIA

A1433—GARDENIA MYSTERY (Best garden variety)—Almost continuous bloom the year around in mild climates and as a house plant farther north. Medium height, glossy, rich green foliage and huge, spectacular, fragrant, snow-white blooms. Plant in partial shade or filtered sunlight. Needs acid soil. (If necessary you can acidify your soil with our "Acid Soil Conditioner." Order No. 4059—1 lb. 39c; 3 lbs. 1.00, postpaid.) Hardy to 18 degrees above zero. 12 to 18 in. plants.—98c each.

BLUE HYDRANGEA

A1441—Very hardy. Blooms on new wood as well as old. Flowers large and on acid soil a beautiful blue. In ordinary soil flowers are pink. To make flowers blue acidify soil by adding Aluminum Sulphate. To make pink, add agricultural lime. Prefers partial shade. Needs some protection in north. Vigorous field grown plants. 89c each; 3 for 2.49, postpaid.

IMPORTANT NOTICE

This stock cannot be shipped until it becomes dormant—usually about the latter part of October.

BUTTERFLY BUSHES

A1413—RED GLORY—Brand new, reddest of red. A strikingly brilliant plant. Flowers all summer. 75c each; 3 for 2.10; 12 for 7.50, postpaid.

A1410—ILE DE FRANCE. Loaded with blooms all summer long. Color deep reddish purple. Extra select plants: 49c each, 3 for 1.29; 5 for 1.98, postpaid.

A1412—PINK CHARMING—A really charming true pink. Extra select plants: 59c each; 3 for 1.59; 4 for 1.98, postpaid.

A1414—SNOWBANK—Pure, soft, snow-white. Beautiful alone or in combination with bright colored varieties. 75c each; 3 for 2.10; 12 for 7.50, postpaid.

A1409—MIDNIGHT BLUE—Long spikes of deepest blue flowers with bright yellow eyes. 69c each; 3 for 1.89, postpaid.

A2352X—BUTTERFLY BUSH COLLECTION—1 each of Red Glory, Ile De France, Pink Charming, Midnight Blue for 2.39, ppd.

DOUBLE ALTHEA (Rose of Sharon)

This is the lovely Rose of Sharon. Grows 6 to 8 ft. tall and is upright and neat growing—ideal for lawn plantings. Loaded with blossoms in August and September when flowers are needed. Flowers look like big roses when open. Red—A1401. Pink—A1400. White—A1402. Extra Select plants. 49c each; 3 for 1.29; 5 for 1.98, ppd.

A2351X—Althea Collection. 1 each red, white, pink and blue, 1.79, ppd. A1404—Althea Coelestia. A beautiful china blue single Althea. Harder than most varieties. Outstandingly showy. 69c each; 3 for 1.89; ppd.

MAGNOLIA SOULANGEANA

A1250—This is the popular hardy Magnolia; the one with great, pink, cup-shaped flowers. Seldom gets over 12 feet tall. Plant in a sheltered place. Folks south of Iowa should have no trouble but is doubtfully hardy from Iowa north. 18 to 24 in. root wrapped plants—1.79, postpaid.

BLUE MIST SPIREA

A1492—Hardy New Blue Mist—A striking, low-growing shrub from Minnesota that blooms all summer and fall. Never gets over 3 1/2 to 4 ft. tall. Silvery green foliage and spirea-like flowers. One of the very few blue-flowered shrubs. Often dies to the ground in winter in Iowa and north but that won't do any harm. 69c each; 2 for 1.19, ppd.

DOGWOODS— Pink and White

A1215—Of all the flowering trees, none is more beautiful than the Pink Flowering Dogwood.

This is a HARDY Dogwood (except North of Iowa) that should do well for all of you. It does well in partial shade. Is literally smothered with deep pink flowers before the leaves come in spring. 18 to 24 in. size, root wrapped. 2.49 each; 2 for 4.49, postpaid.

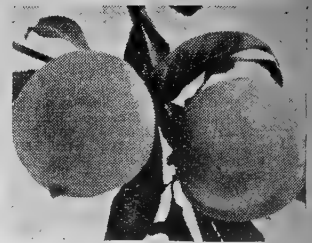

A1216—White Flowering Dogwood—Same as above except flowers are pure white. 18 to 24 in. size, root wrapped. 1.49 each; 2 for 2.79, postpaid.

European MOUNTAIN ASH

A1260—Foliage is a beautiful green. Light, smooth bark. A broad head, very compact, with gorgeous creamy white blossoms in spring, followed by clusters of red berries in later summer and fall. Grows rapidly. 4-5 ft. 1.79 each; 2 for 3.29, ppd.

THOMAS BLACK WALNUT

A4124—Improved budded black. Hardy anywhere that walnuts will grow. Bears very young, often first year after planting. Nuts thin shelled, easily hulled, kernels fine color and excellent flavor, easy to crack out in halves and quarters. Trees also make fine shade. A mature tree will produce 15 to 40 bushels which sell for 4.00 or more per bushel. Plant the trees 40 to 50 ft. apart. 2-4 ft. 1.98 each; 3 for 5.79. Express not prepaid. Extra long roots make bundle too big for parcel post.

PEACHES

PEACH PRICES: 3 to 4 ft. 98c each; 3 for 2.69; 5 for 4.35; 10 for 8.19, postpaid. 4 to 5 ft. quick bearing—1.19 each; 3 for 3.29; 5 for 5.10; 10 for 9.39, postpaid.

DeLuxe Peach Prices

Prize-Winning Pullets

"Dear Mrs. Field: I am enclosing a picture of my son and six grandchildren with our five first prize Master Grade White Leghorn pullets. We entered them in the Oregon County Fair and won first prize and second sweepstakes. The pullets are from the 300 we ordered from you last April. They began laying at 4½ months and are in very good production now."—Mrs. A. H. Childers, Thayer, Mo.

\$1.00 for Your Snapshots!

We now give \$1.00 instead of 50c for each photograph we use in Seed Sense. Send us your snapshots of your children, flowers, vegetables, gardens, chicks, etc. The more you send, the better we like it. We couldn't put out a Seed Sense or catalog without them. Then, too, they give us an idea of how our seeds and nursery stock are doing for you. So get busy and send us your spare snapshots (not negatives). Of course, we can't use all we receive (though we would like to), but for each one we do use we'll send you \$1.00 in cash.

Plant Something New

Nothing makes a garden more interesting than something new. That's one of the reasons we send out a new catalog each season. Of course there are a lot of the old dependables that just can't be beat, but in almost every class of flower, shrub and tree something new is developed each year. And we have a lot of the best of these new items, along with the old favorites, in this Fall catalog.

For instance, in this catalog are the unusually beautiful new Aurelian Hybrid Lilies and the striking new Cascade Madonna Lily. There are many new varieties of Iris, as well as some outstanding new Tulips and Daffodils.

And a hundred other things! So look over the catalog pages, and order at least a few "new" items this fall. We know you'll enjoy them.

Plant Tulips in Groups

Most of us are inclined to plant tulips in straight rows. And they look fine that way. Standing so straight and looking so dignified, they almost demand a formal setting.

But you can plant them in groups, informally, too, and they are just as beautiful. Dig a hole 6 in. deep and about 12 to 16 in. across. Never mind the shape of the hole—it can be round, or oval, or no particular shape at all. Then drop 6 to 10 tulip bulbs in the hole, and set them where they fall. The reason for dropping them is that they will fall into a natural grouping. If we place them we are always inclined to make straight lines or circles.

Such a planting in front of a group of shrubs will be very welcome and beautiful next spring. Or you can do the same in the flower border, or along the walk or as a foundation planting. They all come up together as a clump. You'll never regret planting them this way.

Proud of Their Garden

"Dear Friends: We are having such wonderful success with your plants and shrubs. We are really proud of our garden."—Mrs. Elmer Hulbert, Wilmington, Ill.

Robert Trickey Wins Jr. Seedsman Bicycle

We are happy to announce that the winner of the Schwinn bicycle, given the Junior Seedsman who sold the most collections of seed last spring, is Robert Trickey, age 12, Box 38, Green Valley, Illinois.

There is no doubt about Robert being the winner. He sold 216 collections—a new all-time record. No one has ever, in the history of our Junior Seedsman organization, come close to that mark. He most assuredly is to be congratulated on doing a splendid job.

Robert, who has been a Junior Seedsman since 1947, sold the seeds while living in Cayuga, Indiana and has since moved to Green Valley, Illinois. His mother, Mrs. A. H. Trickey, wrote us that he already has some good prospects in Green Valley in view for next year; so you Junior Seedsmen in Green Valley had better take heed. You'll probably have pretty stiff competition next year.

We had hoped to have a picture here in Seed Sense of Robert and his new bike, but we haven't received a picture yet, so will try to put it in the next issue of Seed Sense.

Runner-up in the contest was Clinton Himes, age 13, Box 315, Mabel, Minnesota, who sold 144 collections. Clinton's sales, incidentally, also topped previous records, and he too is to be congratulated for the fine selling job he did.

21-Inch Cucumber!

H. A. Omfen of Rt. 1, Green Forest, Ark., sent us this photo of his 3-year-old daughter, Grace Marie, and the cucumber that was raised from seed in her conglomeration packet. The cucumber was 21 inches long and 16 inches around! How many of you folks can beat that for size?

Fall Planting Safe Until Soil Freezes Hard

When freezing temperatures begin, many folks who have not finished their planting wonder how much longer it can safely be done. The answer is, as long as the soil will crumble and can be packed properly about the bulbs and roots of plants.

It makes little difference to plants whether it is November or December as long as they can be properly planted. A crust of frost on the surface of the soil will not interfere with planting. In fact, such things as fruit and shade trees (not evergreens) and other heavy nursery stock can be planted right up to the time when the ground freezes solid.

With Only 3 Teeth, Too!

"Dear Mrs. Field: Here is a picture of our grandson, Michael Sevier, sampling an ear of corn. He was 7 months old at the time and had only 3 teeth so didn't get very far. Your seeds give complete satisfaction whenever we plant them."—Mrs. George L. Avertur, 613 S. Davis, Ottumwa, Iowa.

Gold Star Iris Collection

On the front cover of this catalog appears a collection of Iris we call the "Gold Star" Iris Collection. Turn to the front cover and look at the picture of them. They are as fine varieties of Iris as we, or anyone else, can possibly offer you. Not the most expensive, but the best. We didn't get to explain too much about these Iris on the cover, as we were crowded for space, so we'll tell a little more about them here.

Of this collection of 6 Iris, 4 are in the American Iris Society's new "Hall of Fame," which, at the present time, is composed of the 23 outstanding Iris of all time. The remaining 2 varieties in the collection are both in the American Iris Society's 1951 list of the "100 Most Popular" Iris in the United States.

You can easily see why we call this collection the "Gold Star" Collection. All 6 are among the very finest Iris you can buy. As we are not Iris specialists (people dealing exclusively in Iris) we are particularly proud to offer this collection, as they are varieties that not even Iris specialists can surpass.

Below are the varieties in the collection:

B1244—Golden Fleete. A beautiful lemon yellow. Each petal edged with a broad band of bright gold. Honorable Mention 1940, Award of Merit 1942, and one of the "100 Most Popular" Iris for 1951. 98c ea.; 3 for \$2.79, ppd.

B1233—Christabel. A splendid glowing, true red. Honorable Mention 1936, Award of Merit 1938, Hall of Fame 1951. 49c ea.; 3 for \$1.19, ppd.

B1260—Ola Kala. In our opinion the finest yellow ever introduced. Dyke's Medal Winner 1948, No. 1 of the "100 Most Popular" Iris for two years, Hall of Fame 1951. 98c ea.; 3 for \$2.79, ppd.

B1237—Elmohr. The orchid Iris. Beautiful purple in color. Huge 7 in. blossoms. Award of Merit 1944, Dyke's Medal Winner 1945, "100 Most Popular" Iris 1951. 79c ea.; 3 for \$2.19, ppd.

B1288—Wabash. Snowy white standards and beautiful ultra marine blue falls, edged with white. Award of Merit 1938, Dyke's Medal Winner 1940, Hall of Fame 1951. 49c ea.; 3 for \$1.19, ppd.

B1276—Sable. One of the darkest of all Iris. Honorable Mention 1937, Award of Merit 1940, Hall of Fame 1951. 79c ea.; 3 for \$2.19, ppd.

B3084X—Gold Star Iris Collection. One each of the above six for only \$3.98, ppd. In the catalogs of the Iris specialists these six are valued at \$5.00 but we want to make it possible for everyone to be able to afford fine Iris so are setting the price on this Gold Star Iris Collection extremely low.

Stick 'Em Up!

"Dear Mrs. Field: Our little lad is sending you his picture, but please don't let that 'strictly cowboy' expression fool you, for he is really a happy little fellow with a ready smile and loves all of nature's gifts. His name is Martin Beistline."—Mrs. Mildred P. Beistline, Mounted Route, Camp Hill, Pa.

A 46-LB. GATE SUPPORTING a 3,500 LB. JEEP! This photo shows quite well the unbelievable strength of Henry Field's aluminum Lifetime Gates. Lifetime Gates are undoubtedly the finest gates made—bar none. Cheap to own, too—your first cost is your last. Made of tempered aluminum, like that used in large aircraft wings, Lifetime Gates are extremely strong, yet are lightweight and attractive. And they are guar-

anteed for life against sag, warp and rust! These gates come in ten sizes; all the way from 4-ft. garden gates up to big 16-footers. The one above is 10 feet long and 52 inches high. Has 6 panels, weighs 46 lbs. and sells for just \$29.85, F.O.B. nearest shipping point.

If you are interested in finding out more about Lifetime Gates, just drop us a line. We'll be glad to send you complete information.

White Peonies

"You were but green-sheathed buds
A few short hours ago.
And now you weight your slender stems
With chalices of snow.
I cannot touch this wondrous power,
Nor hear, nor taste, nor see,
But know the moving hand of God
Translated mystery
Through simple alphabet of rain
And signs of golden sun,
Until through these familiar things
The miracle was done."

—Florence Holt Davison in *Weekly Unity*.

"Trust in the Lord and do good, so shalt thou live on the land, and verily thou shalt be fed." (Psalms: 37-3)

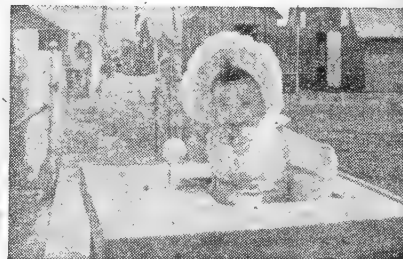

Free Wedding Roses

Here's some good news! We are again able to give a free rose bush to anyone sending in a picture of their recent wedding or Golden (50th) wedding anniversary. Had to send out peony plants last spring (as some of you folks know) because of the critical rose shortage at that time. Looks like the shortage is over now and we're indeed happy to be able to send out roses again.

Reason we send these roses is because we want people to have them as a sort of a personal gift from us in honor of their wedding or anniversary. All you have to do is send us a photograph and tell us about it. If you don't have a picture send an announcement or something, though we would prefer a picture. Can't tell you what kind of rose we'll send but you can be sure it will be a good one. And we'll send it at the proper planting time.

No C.O.D.'s, Please

Unfortunately, we just can't ship C.O.D. There are so many delays in shipping this way that it isn't practical. Nursery stock should be planted just as soon as possible after leaving here, and if it has to wait around to be delivered it may not do too well. So, this is for your own protection. Then too, C.O.D.'s always cause a lot of red tape, which in turn causes higher prices. We know you folks want to buy things at as low a price as possible, so by not having C.O.D.'s, we can keep our prices down.

Loves Fruits and Vegetables

"Dear Mrs. Field: Am enclosing a picture of our little girl who is 10 months old. Would like to see it in Seed Sense. We enjoy Seed Sense and profit by your planting tips. Dona Gene sure loves her fruit and vegetables."—Mrs. Elmer Pauley, Mt. Carroll, Ill.

That's fine. They'll help keep her healthy. They can't make her any cuter, though.—Mrs. H.F.

How Did You Like the Weather?

Here at Shenandoah, last fall came early, and winter still earlier. We didn't anywhere near have our fall work done when the ground froze up solid. Then came terrific early freezes and, in the rose growing centers of the country, coming so early as to catch roses before they had gone dormant. We were luckier than most nurseries because we had most of our roses dug before the freezes really hit, but we did lose quite a few plants just the same.

So, like most people who make a living from the soil, we accepted our bad luck philosophically and looked forward with hope to spring. Then, just as we commenced shipping last spring, the weather man turned loose with everything he had in all parts of the country. The weather got so mixed up we just didn't know when or where to ship. We would pick out an area, would plan to get the orders ready and ship to the folks in that area, then the weather reports would come in saying they were having snows or freezes there. Then we would put those orders away and start on some others. We kept this up until we got all mixed up. On top of that, you folks saw fit to send us the biggest business we have ever had in the history of our company, for which we are deeply grateful to you. But it sure kept us jumping.

As our shipping season progressed, so did the rains in Shenandoah. It got so we were getting about one rain a day, sometimes two. Our growing fields remained a sea of mud from the time the ground thawed until away in July. Our boys had an awful time digging out perennial plants and other plants with which to fill your orders. The men would come in from the fields at night just caked with mud from top to bottom, and tired and discouraged.

Now in spite of all this bad weather, we managed to take care of our business pretty well. Better than most. But some of you folks received your orders late last spring, later than you should have, and we want you to know we are sorry about that. It worries us when we can't give you the absolute top-grade service that Henry Field's is noted for, and we hope that this fall and next spring the weather man will be a little more lenient. As of right now, our rose crop is in beautiful shape, and there are lots of them. And our fields are filled with good growing stock of all kinds of trees and shrubs and flowers, and seeds of all kinds. Lots of new things too.

Thanks again for your orders and letters. As Henry used to say to you, "come again."

Let's Quit Worrying So Much

These are trying times. Lots of us have men folks in the military services, or expect to have. Taxes are getting higher, prices are getting higher. In many big cities, our teen-age school children have been exposed to vicious danger by dope peddlers. Too many of our public office holders have been walking the same path as the racketeers.

It's hard to keep sweet and peaceful in times like this, but Henry used to point out that it pays to divide your troubles into two groups. First, those you can't do anything about. If you can't do anything about them, forget them. Second, those you can do something about. Quit worrying about those and start doing something about them. As Henry would say, let's not

This picture of me was taken last June in one of our peony fields about two miles east of town. More peonies are grown here in Shenandoah than anywhere else in the United States. You can imagine what a thrill it is to get out and walk around in a field of these lovely, fragrant flowers. As far as the eye can see there is nothing but row after row after row of colorful peonies. Truly a breath-taking sight!

go around with a chip on our shoulder and expecting someone to spoon feed us. Let's take care of ourselves. Hoe our own row. Be friendly, and helpful, and neighborly, and honest and decent.

And let's all stay close to our children. Let's take time to work with them, and play with them, and try to understand them. Let's let them know we love them, and try to bring into their minds a feeling of peace and security. And I'm not trying to be commercial when I say you ought to help them have a little garden of their own. I don't know of anything that is better for them.

You Should Have Seen Our New Iris

I wish you could have seen for yourself the new varieties of Iris growing and blooming in our fields this spring. There simply is no comparison between these new Iris and the old varieties. The new ones have bigger blooms, brighter colors, better form, and a wider variety of colors. We tell you a little about them on pages 8 and 9 of this catalog, but our pictures fall far short of the beauty of the flowers themselves.

And we are very happy to have for you some very fine Iris, and at low prices.

When We Ship

In the fall, when we get orders in, we can ship seeds and bulbs immediately. But some things, like shade trees and fruit trees and shrubs and roses, can not be shipped until they have gone dormant in our fields. Then we dig them and ship them. That usually happens in October.

So if you don't get some of your things right away, that is the reason. You shouldn't try to plant them earlier anyway. They must be dormant when put in the ground. And you can plant most everything, including the fall bulbs, as long as you can work the ground, even when you have to break a top crust of several inches of frozen soil.

—Bertha Field

Are You Getting Two Catalogs?

If your family is getting more than one catalog, we would sure appreciate knowing it. We send out a catalog to each name on our list, but sometimes different members of families or different people at the same address order from us and each different name is put down. So, two or more catalogs are sent to the same address, and because of this we sometimes don't have enough copies to go around. If you do have an extra catalog please do us a favor by passing it on to a friend, and then let us know about it on the coupon below. Thanks.

DORMATONE Prevents Potatoes from Sprouting

You can now store your home-grown potatoes 12 months without cold storage by using DORMATONE, the new hormone sprout inhibitor that prevents sprouting, softening and shriveling.

Use of DORMATONE actually eliminates spoilage and large loss of weight. Shrinkage is cut down 10% to 15%. In addition, it helps retain the nutritional value of potatoes and actually improves their cooking and eating qualities. And, DORMATONE can also be used with equal success on other root crops, such as beets, carrots, turnips and rutabagas.

It's easy (and inexpensive) to use—you just dust it on. Absolutely harmless, too. We've tried it on all sorts of root crops and are completely sold on it.

Order No. 4053. 12 oz. sifter can (treats 8 bu.) for \$1.00, postpaid.

Enjoy Seed Sense

"Dear Folks: Sure do enjoy Seed Sense. It is such an enjoyable, homey little magazine."—Mrs. J. H. Billington, 1232 S. Wash. Ave., Saginaw, Mich.

Mrs. Field's Pumpkin Pie

- 2 cups stewed and strained pumpkin
- 2 cups rich milk or cream
- 1 cup granulated or brown sugar
- 3 eggs
- 1 tsp. salt
- ½ tsp. ginger
- 1 tsp. cinnamon
- 2 tbs. sorghum or brown sugar

Mix pumpkin with milk, sugar, beaten eggs, salt and spices and beat 2 minutes. Pour into pie tin which has been lined with pastry. Place in hot oven at 450 degrees F. for 10 minutes, then lower heat to 350 degrees F., or "medium" and bake until filling is firm.

This makes two 8-inch pies or one very large one.

Genuine Holland Bulbs

All our Tulip, Hyacinth, Daffodil, Crocus and other spring-flowering bulbs come all the way from Holland. You can't beat the big, perfect Dutch bulbs, and we send out only the very best. We suggest you get your orders in as soon as possible so that you will be sure of getting all the varieties you want.

"North Window" House Plant Collection

Most every home has some north windows that don't get much sunlight, where several colorful house plants would add greatly to the beauty and cheerfulness of the room. Trouble is, most plants won't grow in shady north windows. Keeping this in mind, we have made up a special collection of plants that will do well in these windows. They will give you cheery green foliage and some flowers all through the year. Of course, you don't have to put them in a north window if you don't want to. They'll do beautifully in any window that doesn't receive too much sunlight.

Here is what you get: 1 Rosebud Begonia Double White—flowers, like tiny double roses; 1 African Violet Blue Boy—beautiful shade of deep blue; and 1 Philodendron—the well known indoor vining plant.

Order No. 2N542X. All three plants for only \$1.69, postpaid.

Calla Lilies for Potting

We have some dandy Calla Lily bulbs that are ideal for potting. They're big, healthy bulbs that will make tall, stately blooms and fine, beautiful foliage. Calla Lilies are easy to grow and require only ordinary care. Really are hard to beat for a potted plant. Full directions with each order. Come in three colors.

White—BG411. Yellow—BG412: 40c each; 2 for 69c. Pink—BG417 (a new, different, rare type) 50c each; 2 for 89c. Collection of one each of all three colors—BG592X, only \$1.09 All prices postpaid.

Two Fine Lilacs

Everyone knows lilacs and enjoys their beauty and fragrance. We have two we couldn't quite squeeze into the regular catalog section so we will briefly describe and list them here. Both are fine varieties and will grow and do well most anywhere—and they'll bloom beautifully for years and years.

A1446 — OLD-FASHIONED LILAC. You all know and love it, as your mother did. Never will go out of style. Grows about nine feet tall and has immense, extremely fragrant, lilac-colored flowers, borne in large clusters in late spring. Extra select plants: 49c each; 3 for \$1.29; 5 for \$1.98, postpaid.

A1455—VILLOSA—a New Late Lilac. Most all lilacs bloom at about the same time and their loveliness is soon over. The new Villosa, however, blooms about 10 days later, stretching your lilac season almost half a month longer. Grows big clusters of dark lilac-colored blooms. Extra select plants: 59c each; 3 for \$1.59; 5 for \$2.49, postpaid.

"ALFALFA" JOHN SAYS . . .

"Alfalfa" John
Nicolson

Supply of hardy alfalfa for fall planting is way short. Please get your order in early and, if possible, give us second choice.

You can't beat fall to start your planting of Brome. We have the best southern strains, including Lincoln, for you.

The new Merion Kentucky Bluegrass is available for the first time. Makes the deepest, greenest, healthiest lawn you ever saw. Try it! You won't be disappointed.

Sold more Lot Hardy alfalfa last spring than any other. It is priced right to leave dollars in your pocket.

We are offering the Four-Way Clover Mix again this fall. Add it to your present pasture for more legumes and higher production next year.

Timothy does fine fall planted. Not fussy about soils, sow it early.

Reed Canary is still best grass for poorly drained soils. Fall plant at 6 to 8 pounds per acre.

Now is the time to give your pasture the second mowing to keep weeds from going to seed.

Many thanks for your fine field seed orders. Keep them coming. We will always give you a full dollar's worth in quality.

New Merion (B-27) Bluegrass

Henry Field's offer you the new Merion Kentucky Bluegrass, released this fall for the first time for home planting. Twelve years of testing is behind this new, better strain.

Absolutely the latest thing in Bluegrass, Merion has a dense, dark green turf of extra vigorous growth. It spreads rapidly, crowding out Crabgrass and other weeds. Actual tests have proved this.

Other advantages of Merion are: (1) it has better color and appearance; (2) is more heat and drought resistant; (3) has high resistance to leaf spot, making it possible to mow it closer than regular Bluegrass. Then too, because the plants are more healthy and spread faster, you use less seed when planting. On reseeding lawns, figure a pound to 600 to 800 sq. feet.

If you want the finest, greenest, most luxuriant lawn you can possibly have, be sure to sow this new Merion (B-27) Bluegrass. Our supply of seed is very limited, but while it lasts we are selling it for 2.10 per half pound, 3.95 per pound, postpaid. Orders must be limited to not more than 5 pounds per customer.

Lot Hardy Grimm Alfalfa

Our Lot Hardy is strictly northern grown Grimm Alfalfa. It's fancy quality Alfalfa at a saving in price. This lot of northern grown seed is fully 97% pure—free of bad weeds. Don't worry about winter hardiness on this fine lot of Grimm, as the long branching roots help prevent winter heaving. The color is not as bright as our top quality, but the value and hardiness is there. We sold more of this lot last spring than any other Alfalfa. Because of the Alfalfa shortage, we suggest you order this early as the supply is very limited.

If a penny saved is a penny earned, you earn lots of pennies by ordering DIRECT FROM HENRY FIELD.

Certified Buffalo Alfalfa

Buffalo alfalfa is the new, extra leafy, wilt resistant alfalfa. It is ideal for Iowa, Kansas, Missouri, Nebraska, Illinois and other midwestern states because it is highly resistant to wilt that causes hay losses and death of alfalfa plants throughout so many areas of the Middle West. And it's a heavy yielder of fine stemmed hay. Recovers quickly after cutting, too.

Buffalo is winter hardy, coming from parents of hardy strains. Seed cost is a little higher than regular strains of alfalfa but is more than worth the difference because of its many advantages. Ask your state college or county agent. Be sure to plant Buffalo this fall. We suggest you get your order in early as demand for it will be heavy. Certified, Blue Tag seed in sealed bushel bags.

Plant Ladino Clover

Ladino will produce up to twice as much protein as other legumes. Ladino Clover pasture can carry up to a cow and a half per acre, and other livestock in proportion. Primarily, Ladino is a pasture crop, rich in lime and phosphorus and a high milk producer.

Don't let the price scare you. One pound of Ladino Clover contains approximately 680,000 seeds and planted in your pasture at the rate of one pound per acre, will equal 15 seeds per square foot. Ladino will give you the most complete livestock and poultry pasture at the lowest cost of any legume crop you can plant, regardless of the first cost of the seed. This perennial lives over from year to year, is widely adapted, and suited to the same soils and climate as regular clover.

Alta Fescue

For High Yielding Pastures

Grass-minded stockmen know a good thing when they see it and they know Alta Fescue is just that. Alta Fescue is one of the most widely adapted, high yielding forage grasses you can plant. Its use in pastures is increasing rapidly. One of the outstanding things about it is that it adapts itself readily to heavy or light soil and soils of poor drainage. Being a long lived perennial grass, it makes a valuable addition to present pastures, including Brome Grass, Orchard Grass, Blue Grass, Timothy and others.

One twelve acre test field of Alta Fescue and Ladino Clover carried 50 milk cows throughout the entire summer. Fall is an ideal time to add Alta Fescue to your present pasture so send your orders in right away.

Lawn Looks Like a Carpet

"Dear Field's: We have a wonderful stand of grass grown from your Evergreen Lawn Mix. People have remarked how well it looks and that it looks like a velvet carpet." —Mrs. Evelyn M. Tallent, 911 M St., Belleville, Kans.

Lincoln Brome Grass

Fall is a perfect time of the year to plant Brome Grass. This high yielding Lincoln strain has excellent seedling vigor, stands lots of drought and heat and is much easier to establish a stand than northern Canadian-grown seed.

Our supply is selected here from selected fields in Nebraska and Iowa. This lot of Lincoln Brome is by far the leading home grown strain, referred to as Southern-type brome. Bright, clean, heavy weight, new crop seed, free of noxious weeds and high quality all the way through. Use a firm, well packed seed bed, free of clods and plant 12 pounds of Brome to the acre. Add 3 to 4 pounds of Alfalfa and a pound of Ladino Clover for the finest pasture combination you could ask for.

A lawn which goes into the winter well fed, is far more likely to emerge in the spring with a minimum of injury.

Golden Wedding

"Dear Mrs. Field: We have bought nursery stock and bulbs from you for years and have always had good luck with everything. I am sending our picture taken for our 50th wedding anniversary. Hope to see it in Seed Sense and to receive a rose."—Mrs. Harry S. Glick, Rt. 1, Troy, Ohio.

Congratulations, Mr. and Mrs. Glick. About the gift—we had to send a peony instead of a rose because of the bad rose shortage last spring. But we're sure you will enjoy the peony just as much.—Mrs. H. F.

Best Popping Corn You Ever Ate

Nothing like a bowl of good popcorn on those long fall and winter evenings. Popcorn has been a specialty with us for many years. We try out all the new varieties as soon as they come out and we've introduced some of the finest of the newer hybrids, so you can see we know good popcorn. We therefore sell only the best.

This fall we are very fortunate in having two extra fine varieties. Both are hybrids and simply cannot be beat for flavor or quality. Every bit of the corn is guaranteed to pop.

190—Yellow Hybrid South American. Pops big, creamy yellow flakes, 5 lbs. for \$1.00.

191—Hybrid White Hulless. The small, white kind, 4 lbs. for \$1.00.

(We pay postage on these to Zone 4. Beyond add 20c).

P.S. With each order we will enclose a leaflet of popcorn recipes.

Cooling Off

"Dear Field's: I thought this picture of my granddaughters getting ready to cool off was cute and might make other people remember when they were young and foolish, as it did me. I use your seeds and find they yield so well."—Mrs. T. A. Brosman, Pinedale, Wyo.

It did me and wouldn't it be nice if once in a while we could be that way again!—Mrs. H. F.

Our Nursery Guarantee

All our nursery stock is guaranteed. If you are not pleased with it in every way when you receive it, return it promptly, at our expense, and it will be replaced or your money refunded, whichever you prefer. After you have planted it, if it fails to grow we think we should both take part of the blame. We will take one-half and you and the weather take the other, and we'll replace at half-price anything unsatisfactory through any fault of the stock. Fair enough?

If you wonder how we can make such a guarantee, here are some of the reasons:

- (1) Our nursery stock is all state inspected.
- (2) Our nursery stock is free from disease.
- (3) Our nursery stock is of the highest quality.
- (4) Our nursery stock is true-to-name.
- (5) Our nursery stock is mature, live, ready-to-grow stock, first-class in every way.

Clean up all old vegetable tops and destroy them. They often harbor insect pests.

A chance seedling, one in a million, that hit square, retaining all the good qualities of both parents. Very high quality and honey-sweet. Extra large and deep red thru and thru. Unsurpassed freezer; does not mush when thawed; requires little sugar. Very high yield; 4,000 quarts were picked from one acre! Crown and root system very large. 10 for 2.98; 25 for 5.00; 50 for 8.49; 100 for 14.98; 200 for 26.00; 500 for 55.50; 1,000 for 97.50. All postpaid.

Why Fall Planting Is Better for STRAWBERRIES

Fall Planting gives strawberries a running start for next spring. Just mulch them well after the ground freezes. Don't use dirt. Use straw or some litter that will not pack. No leaves. You folks from middle Missouri south can plant on into the winter, depending how far south you are. North of Missouri, strawberries can be planted in October. Be sure to mulch well right after the first freeze.

Just Can't Wait!

"Dear Mrs. Field: I want to send you a picture of two of my grandchildren, Susie and Toby Hamilton, with a watermelon grown from your seed. You can see how well they like watermelons. They just can't wait to cut it. Am proud to get Seed Sense. Thanks for same and for the free gifts."—Mrs. E. R. Ferguson, Rt. 3, Albion, Ill.

Looks like Susie is getting a head start. —Mrs. H. F.

Henry Field's STRAWBERRIES

Here's How Field's Give You Better Plants for Fall Planting

We are delighted that we are now able to offer you fine dormant strawberry plants—available on any date you want them—for fall planting. Just write the date you want them on your order.

These will be dormant plants in just the same condition as they were when placed in storage. They have some green leaves, but not many. (Green leaves mean nothing. The new growth comes from the crown.) The important thing is that they are in just the right condition to get rooted and some growth on before winter.

This certainly is a great step forward from the small fall-dug plants (never ready before last of Oct.) always offered by nurseries up to this time.

IMPORTANT—Be sure to mulch your strawberries with 2 to 3 inches of coarse litter (rye straw, pine boughs, etc.) at freezing time.

"Sunless Corner" House Plant Collection

Wouldn't it be nice to be able to have some bright green plants growing in those sunless corners that most every home has? Well, the plants in this collection will do well in just such corners, even though the sun doesn't hit them at all. They will thrive in wall brackets, or on shelves, coffee tables, end tables, or just about anywhere you want to put them. Will do equally well in a sunless window or where the supply of sun is limited.

The collection consists of: **1 Chinese Evergreen**—rich, glossy green leaves; **1 Grape Ivy**—attractive 3-segment leaf; **1 Philodendron**—the favorite indoor vining plant; and **1 Henry's Branching Ivy**—a very attractive, branching ivy. Four plants in all.

These are truly plants of a hundred uses around the home but are particularly nice to help brighten it up during the cold, gray winter months. The price we are asking for this collection is small, considering the great amount of beauty and pleasure you will receive from these plants throughout the years.

Order No. 2N503X. All four plants for only \$1.79, postpaid.

Bride and Groom

"Dear Sirs: Am enclosing a wedding picture of our son and daughter-in-law. They were married Jan. 29th and are living on the farm that we used Henry Field seed on for 32 years. I know they would like your free wedding gift. Their name and address is: Mr. and Mrs. Robert Hybsha, Rt. A., Renfro, Okla."—Mrs. Fred Hybsha, Rt. 2, Caldwell, Kans.

The wedding gift has been sent and we hope Mr. and Mrs. Robert Hybsha enjoy a happy married life for many, many years.—Mrs. H.F.

Those who deny the possibility of perpetual motion have never lived in a house where there are small boys.

Giant Hybrid Amaryllis

One of the most striking flowers you can grow indoors is the Giant Hybrid Amaryllis. In fact, it's one of the most beautiful and spectacular bulb plants there is. Our hybrids have big, wide-petaled flowers, averaging 4 to 6 inches across, and often have 10 or more blooms on a stem. Coloring is gorgeous. Ranges from almost white to a real dark red with very delicate shadings.

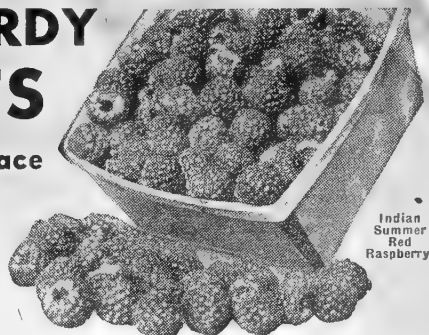

Planting and care is simple. Just put a bulb in a pot with ordinary soil, keeping the neck and about one-third of the bulb protruding. Put in a cool, shaded place. Water sparingly until several inches high. Then bring out of the shade, give plenty of water and keep at a temperature of around 70 degrees. More directions come with each bulb.

Order No. BG401. Mixed colors only. 59c each; 2 for \$1.10, postpaid.

Henry Field's HARDY RASPBERRIES

A Lot of Fruit from a Small Space

If you want a lot of fruit for little money, want it quick, and without doing much work—grow berries. If you don't have much room, plant them in corners or along the edge of your lot. There's nothing better for hand eating, pies, jellies, jams, and breakfast—and to put some cash in the sugar bowl on the mantel. Go the limit on berries.

NOW a DeLuxe Grade

of Apple, Pear, Peach, Plum, Cherry

— Offered Only by Henry Field's —

We now make available to you a DeLuxe Grade of fruit trees. These trees will make faster growing, better shaped, quicker bearing trees for you. They are extra-select jumbo-size, the very finest of their kind.

What Our DeLuxe Grade Means

It means that: (1) you get well-branched, heavy rooted, straight-trunked, jumbo-size trees; (2) roots of trees are specially wrapped in moist moss, which keeps trees in live growing condition; (3) proper pruning points painted on branches; (4) proper planting depth is indicated on trees; (5) complete directions given on best way to handle the trees. All in all, it means you get the best of the biggest, quickest bearing trees.

Unconditionally Guaranteed

Because we are so confident you cannot lose one of these trees, we unconditionally guarantee each tree to be in vigorous growing condition one year from date you receive it. If not, we will replace the tree absolutely free.

Fruit Fall Planted GAINS 6 MONTHS

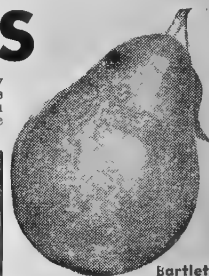

Any fruit listed here can be fall planted. Just leave a mound of dirt around the base of the tree until spring to prevent heaving. In very cold climates, bury the stock in a trench, top and all, and mound dirt over the trench to shed water. When dug for spring planting, they will be in a beautifully fresh condition. Remember, it is often the last of October before fruit trees become dormant enough to dig in our nurseries. So don't expect delivery before that time. You can plant fruit trees any time up until the ground freezes too deep to open up.

PEARS

Pears are very heavy bearers and they're such beautiful trees you can plant them on the lawn.

RHUBARB

A1955—Famous Chipman's Canada Red—This new rhubarb was recently introduced from Canada. It's the best of all rhubarbs. The stalks are large and completely red from bottom to top, even the flesh. Cooking does not take its rich color but makes it more appetizing for pies and sauce. Sweetest of all. Takes less sugar. You can pull the big stalks all spring and summer and almost 'til fall. Seedless. Large No. 1 roots 98c each, 3 for 2.69, postpaid.

←DELCON—a true Dwarf Apple Tree for only 1.49

Delcon was originated by the Missouri State Experiment Station at Mountain Grove, Mo., and offered for sale for the first time in the United States in our March 1948 Seed Sense. Its parentage is Ben Davis, Jonathan and Delicious—a true dwarf with drooping branches.

Some dwarf apple trees are made by multigrafting, a complicated process which is more expensive and when you end up you don't have much of a tree; and they have to sell for five or six dollars. But Delcon is a single-graft, a true dwarf, a small tree (for easy picking) with full-sized apples, and we will sell it for only 1.49, postpaid. Perfect for the back yard.

The fruit is fine grained, juicy, and has some of the flavor of both Delicious and Jonathan. It produces heavy at an early age, seldom needs thinning, ripens about ten days before Delicious, and keeps well in storage.

You ought to plant it. DeLuxe Grade not available. No. A3015, 2 to 4 ft. size only 1.49 each, postpaid. 4 to 5 ft. size only 1.98 each, postpaid.

Henry Field's NEW, HARDY HYBRID ELM

Fastest Growing Tree in the Temperate Zone

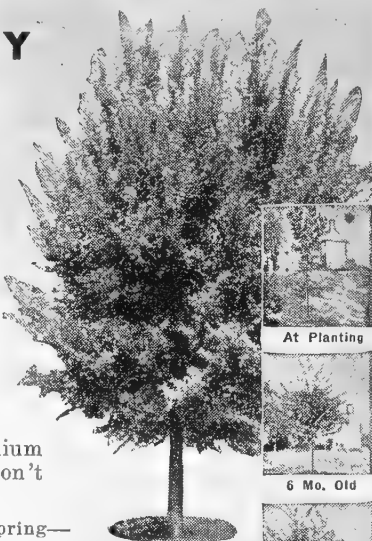

This amazing new tree combines the permanence and beauty of the American Elm with the rapid growth of the Chinese Elm. Apparently immune to Dutch Elm disease. Grows 8 to 14 feet per year—gives you shade in a hurry.

And it is extra hardy. Keeps right on growing in weather hot and cold, wet or dry. Its leaves are large and dark green; the bark is smooth and a medium grey color. The branches are straight and strong; won't break in a high wind.

NOTICE: Hybrid Elms sometimes start slowly in the spring—maybe sulk for as long as two months, then start growing like mad. It's the nature of the beast, so be patient with it. It soon will more than make it up. The best time to plant Hybrid Elms, or any other tree, is in the fall when the trees become dormant enough to move (usually late October, when we ship), up until the ground is frozen so solid you can't crack it. Mound a pile of dirt around the base of the tree for the first winter to prevent frost heaving. Rabbits like young Hybrid Elms, so tie fine-mesh wire or heavy paper around the trunk for the first couple of winters.

WINDBREAK
and Gain 6 Months**

Suggestions for planting windbreak for protection against northwest winds:

Rows 1 and 2: Caragana, Russian Olive, Chinese Elm, Willow, or Mulberry. Plants 4 ft. apart in the row. These two rows are known as snowbreaks. Leave 40 to 60 ft. between them and the next.

Rows 3 and 4: Caragana, Green Ash, Chinese Elm, or American Elm. Plants 6 ft. apart in the row.

Rows 5 and 6: Cottonwood, American Elm, or Chinese Elm. Plants 6 ft. apart in the row.

Rows 7 and 8: Soft Maple, Mulberry, Cottonwood, or American Elm. Plants 6 ft. apart in the row.

Rows 9 and 10: Austrian Pine, Bull Pine, Spruce, Cedar, or Caragana and Russian Olive may be used again. If evergreens, 8 and 10 ft. apart in the row. If trees, 6 ft. apart is the proper spacing.

The trees and shrubs can be planted this fall; leave proper space for the evergreens to be planted in the spring.

First plow a deep furrow, put the seedlings against the straight edge, and then throw the loose dirt back in over the roots. Then plow a furrow on either side of the seedlings, throwing a ridge of dirt up and onto them. This will prevent heaving from frost during the winter. In the spring, pull this dirt away. The first 2 summers, cultivate plenty and keep free from weeds.

VINES

Jackmani

CLEMATIS:

(When planted around your house, large flowered Clematis always do best on the east or northeast side.)

JACKMANI

Purple Clematis. Immense flowers. Grows rapidly and blooms right away. Hardy everywhere. Lives for years. Select Vines, 79c each; 2 for 1.49, postpaid.

Special Clematis Bargain

A2403X—1 Rich Purple—large flowering, 1 Crimson King—large flowering. Both for 1.59 postpaid.

A1710—CRIMSON KING. Red Clematis. Same type as Jackmani except rich red flowers. New and rare. Large flowers, long blooming. Select vines 79c each; 2 for 1.49, postpaid.

A1713—CLEMATIS PANICULATA. The Fall Bloomer. A mass of purest white flowers in late summer—quick growing. Very fragrant. 69c each; 2 for 1.29, postpaid.

A1711—GOLDEN FLOWERED CLEMATIS (Tangutica). Covers itself with golden, bell-like flowers. Beautiful cutleaf, dark green foliage. Very hardy. Dies down each year, then grows 15 to 20 ft. next year. 79c each; 2 for 1.49, postpaid.

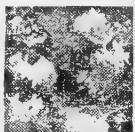

Beautiful Clematis Collection

A2404X—1 Hybrid Crimson King, 1 Hybrid Purple Jackmani, 1 Golden Flowered, 1 Fall Blooming Paniculata—all 4 for only 2.59 postpaid.

You can use vines for shade—for beauty—for holding soil on steep banks—and to hide unsightly views.

HONEYSUCKLE:

A1730—HALL'S HONEYSUCKLE. Don't overlook this if you are looking for a bank covering. Beautiful foliage, fragrant white and yellow flowers all summer. 39c each; 2 for 69c, postpaid.

Hall's Honeysuckle

A1732—SCARLET TRUMPET HONEYSUCKLE. Grows anywhere. Loads of orange-red trumpet-shaped flowers all summer. 39c each, 2 for 69c postpaid.

A1731—"PINK FLAME" HONEYSUCKLE. Simply covers itself with flowers rich pink on outside and bright yellow inside. Delightfully fragrant. Almost evergreen foliage. 79c each; 2 for 1.39, postpaid.

A1729—HENRY'S HARDY "GOLDEN SUN."—Henry found this vine growing in the Ozarks. Hardy, very fragrant, fast growing, with big round, glossy green leaves way into winter. A mass of golden trumpet flowers in June and July. 98c each, postpaid.

AMOR PRIVET (North)

For the Trimmed Hedge

A1618—Best for trimmed, green glossy hedge. Set 9 to 12 inches apart. 1 to 1½ foot plants. 12 for 1.68; 25 for 2.78; 50 for 5.25; 100 for 9.98, postpaid.

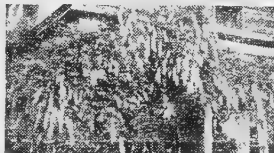

BARBERRY The All-Purpose Hedge

A1601—Rich-green foliage, dense habit of growth, beautiful red coloring and red berries in fall plus extra hardness makes this an ideal hedge. Makes a very good 3 ft. hedge even without trimming. Set 12 to 18 inches apart. 1 to 1½ foot plants branched. 12 for 2.19; 25 for 4.25; 50 for 7.75; 100 for 14.98, postpaid.

ROSA MULTIFLORA "The Living Farm Fence"

A1619—Trim it hedge shaped or let it grow as a broad fence. Dense, thorny barrier that stops traffic across your yard or garden, or in the field holds all livestock except occasional breachy sow. Still, a thing of beauty—clusters of small white flowers followed by masses of red berries. Fine for birds and small game refuge, pasture divider, snow stop, fire break, erosion control. Doesn't sucker and spread. We don't ship the darned needle size, but a top grade of 12 to 18 in. 25 for 1.79; 50 for 3.39; 100 for 6.49; 200 for 11.50, postpaid. 500 for 24.98, express not prepaid.

PURPLE WISTERIA

A1751—Flowers in big purple clusters shaped like grapes, with long, narrow, attractive foliage. Gets more beautiful each year, and lasts for generations. This is not the common Wisteria of washed-out color; this one has "fast" color. 49c each; 2 for 89c, postpaid.

SILVER LACE VINE

A1761—"The Fast Grower." Grows fastest of all vines, often 25 feet in one season. Planted this fall will cover an arbor next summer with lacy white flowers covering the vine from ground to tips. Will cover a building, wall or barn second season. 69c each; 2 for 1.29, postpaid.

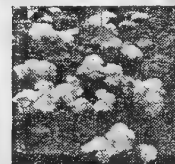

A1703—AMERICAN BITTER-SWEET VINE. Foliage is a very attractive glossy green, covered with fiery, orange-red berries in the fall. Best to have 2 for pollination. 39c each; 2 for 69c, postpaid.

GIANT WHITE SNOWBALL

A1489—One of the most popular and beautiful decorative shrubs. An old favorite. Will grow to 8 or 9 feet tall. Can be kept down by pruning. Blooms late in spring

with large clusters of white flowers that look like giant snowballs. Foliage is a deep, rich green in color. It is a rapid grower and hardy everywhere, in sun or shade. Extra Select plants, 79c each; 3 for 2.19, ppd.

Pink Grootendorst

You Can Fall Plant These Henry Field ROSES

You can have better roses next spring if you plant them this fall. The fall planted roses do not make any top growth during the fall and winter, but they do get a running start next spring because they already are in the ground to take advantage of melting snow and early cold rains. They get a good root growth before hot weather hits, produce healthier plants, more and larger blooms.

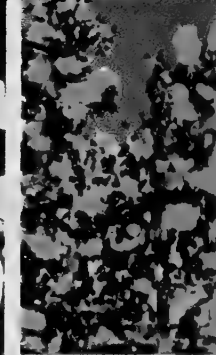

IMPORTANT: We can not ship roses to you in the fall until they become dormant, which usually is late October. To fall plant, prune tops to about 18". Plant in the usual way and then mound dirt over all but about 3" of the tips of the stems. Remove this mound of dirt gently next spring when the buds start swelling.

A1026—**CLIMBING AMERICAN BEAUTY**. Has flowers exactly like its hothouse namesake. Big, rose pink, fragrant beauties on long, wiry stems. Hardy. 98c each; 3 for 2.75; 6 for 5.10, ppd.

A1045—**PRIMROSE**. A hardy climber with large, canary-yellow flowers and shiny, deep green leaves. 1.10 each; 3 for 2.98; 6 for 5.69, ppd.

A1046—**PROSPERITY**. Blooms first year planted. A strong, free-growing plant. 1.10 each; 3 for 2.98; 6 for 5.69, ppd.

A1029—**PATENTED CLIMBER BLAZE**. Has flowers the same brilliant red as Paul's Scarlet but blooms both fall and spring. 1.25 each, ppd.

A1039—**NEW DAWN**. The first everblooming climbing rose. No other climber produces flowers so constantly from spring until frost. The blooms are a large, double, apple-blossom pink borne on long stems. Fine for cutting. Also very fragrant. 1.25 each; 3 for 3.49, ppd.

← "Nearly Wild" BROWNELL'S Perfect Shrub Rose

A1015 (Pat. Applied for)—Here is something new and better from Mr. Brownell's rose research gardens. It makes a beautifully rounded shrub about 4 to 5 feet high and broad, loaded all summer and away into fall with great clusters of single roses with the apple blossom color of wild roses but much larger. It is absolutely hardy. We folks here at Henry Field's think this is a rose with a great future. 1.75 each; 3 for 5.00; 12 for 18.00, ppd.

Mirandy Sutter's Gold Valiant Peace

Eternal Youth Charlotte Armstrong Lowell Thomas Crimson Glory

Beautiful, Patented HYBRID TEA ROSES

A1238—MIRANDY (Plant Pat. 632). An All-America Winner. Enormous, solid and double. Does not fade in August sun. One of the best of all crimson roses for the midwest. 1.75 each; 3 for 4.65, ppd.

A1246—SUTTER'S GOLD (Pat. 885). 1950 All-America Winner. A California rose with long, pointed yellow buds richly shaded with orange and red opening to even brighter shades. Large, glossy leaves; rich tea fragrance. 2.25 each; 3 for 6.00, ppd.

A1248—VALIANT (Pat. 914). A new one we know you will like. Has 5" to 6" blooms held proudly above plant. Fragrant. 1.75 each; 3 for 4.65, ppd.

A1242—PEACE (Pat. 591). World's outstanding rose. First one ever to win National Gold Medal of American Rose Society. Foliage rich, dark green. 2.50 each; 3 for 6.50, ppd.

A1231—ETERNAL YOUTH (Pat. 332). One of the finest of all pink tea roses. The blossoms are clearest pink, very large, and beautifully shaped. Fragrance delightful. 1.75 each; 3 for 4.65, ppd.

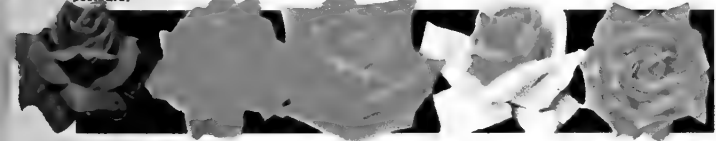

A1228—CHARLOTTE ARMSTRONG (Pat. 455). Another All-America. Perfectly formed blood-red buds open to 3" to 4" flowers of deep, carmine pink. Fragrant. A rugged grower. 2.00 each; 3 for 5.25, ppd.

A1237—LOWELL THOMAS (Pat. 595). One of the largest and clearest of the yellows, holding its color well in hot weather. 2.00 each; 3 for 5.25, ppd.

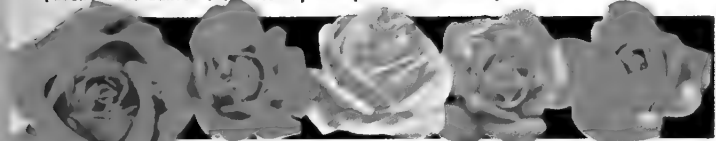

A1229—CRIMSON GLORY (Pat. 105). One of the glorious roses of all times; widely held to be the best red rose in the world. Deepest rich crimson and a fine plant. 1.75 each; 3 for 4.65, ppd.

A1240—NEW YORKER (Pat. 823). We have never seen a brighter scarlet rose. Tremendous blooms, often 6 1/2" across, fairly glisten with brilliance. Heavy bloomer and good plant maker. 2.00 each; 3 for 5.25, ppd.

A1230—ECLIPSE (Pat. 172). Has world's most beautiful bud—cleek and tapering with long, green stipules. A vigorous grower. 1.75 each; 3 for 4.65, ppd.

Super Hardy BROWNELL ROSES

Stand 25 Below Without Killing Out

Because Brownell Roses are so hardy, we guarantee them unconditionally to live through one year without winter killing. Best of all, they are flowering, have long stems with flowers that last a long time. More blooms than ordinary hybrid teas. All Brownell's are patented.

A1025—THE HENRY FIELD. Henry always said, "My favorite color in Roses? I'll take any color just so long as it is red." So this rose is red, and it's big, and it's double, and it's fragrant, and it is the very best of Brownell's new strain of red, super-hardy tea roses. That's why we thought it good enough to name "the Henry Field." 2.00 each, postpaid.

1016—QUEEN OF THE LAKES. Beautifully shaped buds on long stems.

A1021—V FOR VICTORY. Large double, fragrant and blooms profusely.

A1020—TIP TOES. Long, pointed buds and beautifully shaped flowers.

A1013—LILY PONS. White with yellow center. Profuse bloomer.

A1002—CURLY PINK. Matchless in size, form, beauty of flower.

A1000—ANNE VANDERBILT. Showy orange and bronze suffused yellow

A1001—BREAK O'DAY. Large, double, vigorous and free blooming.

A1003—COUNTRY DOCTOR. Deep pink. Largest flowered of Brownell's.

A1018—SHADES OF AUTUMN. Shades of scarlet, gold and deep rose.

POSTPAID PRICES (except the Henry Field). All Roses are 2-year field grown:

	Each	Per 3	Per 12
2-Year Jumbo Grade	2.00	5.75	22.50
Large Select 2-Year No. 1 Grade	1.75	5.00	19.50
A Mighty Good 2-Year Commercial Grade	1.50	4.25	16.75

GRADES: In order to satisfy everyone's needs, we separate these Brownell Roses into three grades. But no cull plants or No. 2's. You wouldn't want them.

Special Brownell Collection

Poinsettia

A1170—This is probably the most brilliantly colored rose, with the possible exception of the "Henry Field." It is a gleaming poinsettia red. Long stems; beautiful for cutting.

Editor McFarland

A1121—We believe this is the best of the pink roses. A glowing pink, with very large pointed buds, and a delightful fragrance.

Henrietta

A1138—A clear, golden yellow with long-pointed buds on stiff, upright stems. Our favorite yellow, and for years our largest selling yellow.

Golden Charm

A1131—A beautiful, golden yellow with long-pointed buds. Flowers are large, slightly fragrant. A vigorously compact grower.

Red Radiance

A1176—This hardy, foolproof, brilliant, red radiance is very popular because it grows so well anywhere.

Talisman

A1180—A gorgeous blend of gold, scarlet, yellow and orange. Has a beautiful and distinctive shape. Looks like a florist's rose.

Hinrich Gaede

A1137—Has large, nasurtium-red flowers with orange-red centers. Foliage is a glossy bronze. And it has a raspberry fragrance!

K. A. Victoria

A1147—For years the most popular white. It is clear, glistening white. Beautifully shaped buds and flowers, and a profuse bloomer.

Cynthia

A1115—This is one of the really fine deep pink roses. The flowers are beautifully shaped, very fragrant, with color that is clear and bright

SPECIAL

May Day Peonies (officials)

These are the famous old varieties of the true officinalis (May day) peonies with the sweet potato-like roots. One of the blooms is pictured in the upper left-hand corner of this page. Henry Field, knowing how people like the extra earliness and brilliant colors of May Day Peonies, used to import them from Holland, and thousands of the plants he sold are still growing in the yards of our customers throughout the nation. May Day Peonies seldom are offered in this country because they multiply so slowly, but we have managed to import them from Holland again. They are absolutely hardy and will live for years.

Hardy PHLOX

Fall is the best time of the whole year for planting phlox. The roots get hooked into the soil and the plants are "rarin' to go" with the first breath of spring. Mulch the plants well after (not before) the ground freezes the first winter.

Phlox grow about 18" to 36" high, depending upon the soil. They like full sun, but will do well in partial shade. The pastel pinks and blues really look better in partial shade where the sun won't fade them. Phlox bloom in July and Aug., and are perfectly hardy. Keep the flowers cut so the plants won't go to seed; the seedlings almost always come a muddy magenta color and, being very vigorous, crowd out your good varieties.

Price on the 6 below is 39c each; 3 for 98c, postpaid:

Hardy AMARYLLIS

or Magic Lily

B2088—In the spring, it throws out a cluster of leaves, which die down in early summer. Then stems pop out of the bare ground, grow 2 to 3 ft. high, each bearing several large lilac-pink lilies. Large flowering bulbs. 1.00 each; 3 for 2.75, ppd

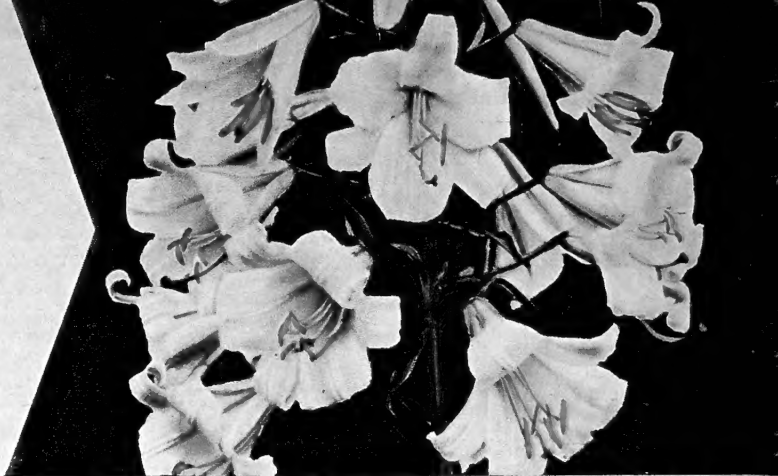

NEW! CENTIFOLIUM HYBRID LILY

These are magnificent pure white hybrids from the West Coast, the result of over 15 years of hybridizing. They are the result of the crossing of a half dozen or more lilies and far outshine the Regal Lily in every respect. After several years of growth, they reach a height of 6 to 8 feet with great clusters of 50 or more blossoms crowning the top.

The flowers are shaped like broad flaring trumpets, as you can see in the picture, and are pure white inside. The reverse of the petals are often pink, emerald green, or brown, making some striking contrasts in color.

These lilies are exceedingly hardy, growing and blooming beautifully outdoors. Because of their deep root system they stand severe drouth well. Plant 6 inches deep.

They are called Lilium Centifolium (Hundred Leaved) because of their abundant, rich green foliage. B5004—49c each; 2 for 89c; 5 for 1.98, postpaid.

HENRYI LILY
